Herewith we confirm, that the above mentioned PPE product can as well be sold under the new brand and product name.

Information brochure and marking for the new brand name and product name were verified and meet the requirements (added in the annex).

For the valid evaluation scope of ANSI/ASSP Z359.4-2013 the rope used by company Singing Rock s.r.l. is identically to the rope used by company Anthron (see annex, Singing Rock R44, 11 mm).

This confirmation is to see as extension of the above mentioned Technical Report 713075414/1 from 2016-02-01 (see annex).

ANSI Z359.7-2019 requires for companies with ISO 9001 certification after 5 years a control test. So 2021-02-01 validity of report expires.

Yours sincerely,
